

CCAS Process for Disbursement of a Graduate Tuition Award

Notes:

1. The tracker is a master list of all awards and their individual components organized by semester and department. The file is maintained by the School Fellowship Coordinator (SFC) and shared with CCAS Finance Office Financial Coordinator.
2. The detail code indicate where the award should be funded. If tuition is from an existing funding source, the same detail code may be used over multiple years or a new detail code may be issued. If tuition is from a new funding source, a new detail code must be created.
3. OGSAF is the Office of Graduate Student Assistantship & Fellowship. OGSAF funded tuition is considered centrally funded.

For more information, please see **Section 3** of the **CCAS Staff Manual and Resource Guide**
